Manufacturer of electrical devices

SUSTAINABLE PACKAGING FOR POWER MANAGING TECHNOLOGIES

Eaton is a power management company dedicated to improving the quality of life and the environment by providing energy-efficient solutions. Founded in 1911 the company is now made up of approximately 100,000 employees. Whether electrical, hydraulic or mechanical - Eaton helps its customers in more than 175 countries to effectively manage power more efficiently, safely and sustainably.

PRODUCTS: filtration units and electrical devices

SCOPE: 2 PAPERplus® Classic machines with
(in two locations) PAPERplus® Classic Grass

TOTAL OUTPUT: 380 packages and 80 pallets per day
(in two locations) 8-10 containers per month

CHALLENGE - A SUSTAINABLE SOLUTION FOR VARIOUS PRODUCTS

Not only does Eaton help other businesses to use power more efficiently and operate more sustainably - but Eaton is also committed to reducing the impact of its own operations. Previously using conventional PAPERplus® paper a more sustainable packaging material was necessary.

“Eaton is committed to positively impacting the environment which is why we changed from conventional PAPERplus® Classic to PAPERplus® Classic Grass.”

PACKAGING ENGINEER, EATON**

SOLUTION - PAPERplus® CLASSIC MACHINE WITH PAPERplus® CLASSIC GRASS CLOSE TO THE PACKING STATION

To fulfill its vision of improving the environment Eaton made the switch to PAPERplus® Classic Grass. PAPERplus® Classic Grass consists of grass fibers and recycled paper whilst delivering the same outstanding protective properties as other Storopack paper types. In addition grass is a renewable

resource and, during production, uses far less water and energy than required for wood fibers - thus making it ideal for Eaton's objectives and products.

FAST AND EASY INTGRATION

The machine processing the PAPERplus® Classic Grass is located close to the packing station for fast access to the paper pads. To ensure cushioning material is always at hand paper pads are preproduced and stored right next to the packing table.
